

Do you want to build a snowman?

Supplies needed:

White Sock - men's white crew sock size 9-11

Rubber bands 4 plus extras incase some break

Funnel

Scissors

Glue gun

White Rice 1 $\frac{3}{4}$ to 2 cups for base. Depends on how big you want your snowman .

Fiber fill for middle layer and head or substitute with white plastic grocery bags 3 bags for middle 2 bags for head.

Embellishments: Your choice

Scarf : ribbons, felt or scrapes of material

Nose: orange felt, orange toothpick, or small pom pom

Buttons down the front of snowman: felt or small pom poms,

Eyes: felt or google eyes

Directions:

1. Turn sock inside out for a snowy look. (optional)
2. Create the base by using the funnel and fill the bottom of the sock with 2 cups of rice.
3. Push rice down in and then rubber band tightly.
4. Create the middle layer by using $\frac{3}{4}$ cup of rice or substitute with 3 white plastic bags wrapped into a snowball form. Place into sock, shape then tie off with rubber band.
5. Create the head by using fiber fill or 2 white plastic bags shaped into a snow ball. Place in sock and tie off with rubber band.
6. Create the hat by cutting 4 inches off the top of the sock. Cut slits into the ribbing of the rough edge. Rubber band the outside top of the hat gathering the cut edges. Place hat on head.
7. After body is finished, hot glue base and middle together. Decorate as desired.
